

Summary

Job Title

Graphic Designer

Department

Ministry

Located in Loudoun County, Community Church exists to help people live life better by winning increasing numbers of people to Christ and his church. We summarize this mission as **Meet God**, **Meet Friends**, and **Live Life Better**. These three core initiatives drive everything we do!

This role supports the hub that guides the brand of Community Church's business and ministry areas and ensures a quality spiritual experience for the congregation.

This position reports directly to the **Creative Arts Director**.

Total **100%**

CORE VALUES

Health Matters **20%**

- We work with the tangible help of God by maintaining regular personal time with him—space for hearing & listening to God’s voice through silence, solitude, praying, meditating on scripture, journaling, etc.
- We lead out of healthy marriages or singleness.
- We pay attention to physical health—diet, exercise & rest (Sabbath)—& make necessary adjustments.
- We connect to godly friendships through small group involvement where accountability & encouragement is practiced.
- We practice vulnerability—regular confession of weaknesses, sins, hurts, habits & hang-ups to not only God but to one another, as well.

Church Matters **20%**

- We not only attend but we compellingly & constantly invite others to church, as well. An empty seat is a BIG deal!
- We always look out for & initiate conversation with new comers & guests. We push through our awkwardness so guests can feel welcome. We love to ask: “What can I do for you?”
- We work hard & if needed, late to make our ministry radiant—a church where people can’t help it, they have to notice her & want to be around her! We live to make church an ‘over-the-top’, inspiring, winsome, irresistible experience.
- We all equally share in honoring God by investing 10% of our income annually to finance his mission, the church. We don’t just work here. We ‘bleed orange!’
- We inform & help people complete our GROW course, the critical 1st step in truly joining the church.

Attitude Matters **20%**

- We own the mission not our position, title or rank. We never say, “That’s not MY ministry!” or, “No one ever told me to do that!” or, “That’s not in my job description.” We energetically do what needs to be done.
- We don’t tolerate a negative attitude. We obsess on what we can control not on what we can’t.
- We all serve—something we’re doing connected to God’s house that we’re not being paid for.
- We practice authentic listening—listening to understand.
- We assume the best—when ‘stuff’ happens we don’t assume the worst or immediately go negative but give our colleagues the benefit-of-the-doubt.

Development Matters

20%

- We maintain Personal Development Plans (PDP's) so we can demonstrate leadership growth. (We set goals—next steps in Leadership Pipeline, book reports, conferences, coaching...something!)
- We give the gift of feedback—positive & growth. & we hunger for both constructive & growth feedback from team mates in all situations.
- We lift others to higher levels passing along to others the knowledge, skills & opportunities that have been entrusted to us. We don't just do a 'job', we build & empower people.

Environments Matter

20%

- We insure that all our environments are irresistible! From the parking-lot to our work space we strive to be flawlessly maintained—no 'broken-windows' anywhere...period.
- We are not finished until everything is clean, put away & visually stunning.
- We communicate confidence & respect to volunteers by keeping all behind-the-scene areas impeccable. (all closets, resource centers, cabinets, stairwells, back-stages, sound booths, garages, conex-storage boxes, etc)
- We pick up trash. We vacuum, sweep, mop, straighten things; put things away & return things in a clean orderly fashion. Sloppiness is ungodly!
